

JOIN THE RALLY AND TELL GLENCORE TO

END THE LOCKOUT

On October 11, Sherwin Alumina, a subsidiary of Glencore, locked out 450 members of United Steelworkers Local 235A in Corpus Christi, Texas.

Please join the United Steelworkers for a rally outside of Glencore's Houston office. Brothers and sisters need our support as they fight to maintain healthcare benefits and protect their company's retirees and new workers.

WEDNESDAY, NOVEMBER 19TH
11:30 AM - 1:30 PM

4265 SAN FELIPE STREET
HOUSTON, TX 77027 (JUST OFF 610)

This company enjoyed record-setting performance last year, but management has still decided to attack workers' hard-earned benefits. First, they demanded cuts to workers' healthcare. Beyond that, they've also sought to slash retirees' benefits and completely eliminate pensions and disability protection for new hires.

Members of the Steelworkers and other unions throughout the region are showing solidarity with Local 235A and calling on Sherwin Alumina and Glencore to bargain a fair contract and allow workers to return to their jobs.

Contact the USW at 832-556-0370 for more information.
