Local Number/USW District #: **Local 1066, District 7**

Employer, Job Title: **US Steel, Crane operator and Next Generation Coordinator**

Years as USW Member: **17 years**

Hometown: **Gary, IN**

**What is unusual about your hometown, place of work or job?**

Gary used to be a steel town, but as steelworkers started making money they moved south to the suburbs.

**What does this year's theme, "A Union That Works" mean to you?**

When you work together, good things happen. If we all stand together in solidarity, good things will happen.

**What issues will be important when your Local's contract expires?**

The retirees' health insurance. I'm a ways from retiring, but I'm hearing that it's going to be a big issue that's going to be at the table.

**What is the most "political" thing you have done?**

Rapid Response in my area with the direction of Michael Millsap is starting to get revved up. So good old phone banking and knocking on doors.

**What career option do you think Chris Christie and/or Rob Ford should pursue?**

I really don't have opinion on that.

**Who would you prefer to have dinner with, and why: Hillary Clinton, Lady Gaga, Wisconsin Gov. Scott Walker, Will Smith, Richard Trumka or Jennifer Lawrence?**

My choice would be Hillary Clinton because I feel like she should be the next president of the United States.

**What's the best thing about the Convention so far?**

The speakers. All of the speakers.

**What things do you hope to do while you're here?**

Gamble—no I'm just kidding. I want to learn and improve my knowledge so I can take it back to my local and district. Not everyone is blessed enough to be able to come to the convention.

**Have you yet decided how you will put the convention to work when you return home?**

I've been taking notes, videos and uploading things to social media to take the convention back home.
